

ALMA LOSES TO HEAVY FARMERS

ALTHO' GREATLY OUTWEIGHED,
THE MAROON AND CREAM
STAGES A GOOD SCRAP.

The Michigan Aggies won the opening fray of the season from Coach Roy Campbell's new Alma College football team on the Aggie field Saturday by a score of 28 to 0, but the score does not indicate clearly the kind of a battle that the Farmers had on their hands, once the new team recovered from its preliminary stage fright and started to play the game as "she should be played."

During the first two periods the Aggies, who outweighed the Maroon and Cream over fifteen pounds to a man, had things fairly well their own way. Graves, Gingrich and Wilcox, all putting over touchdowns. The Aggies quarter booted over the goal following each touchdown.

It was not until the third quarter that the Alma aggregation finally got its bearings and started going. Catherman had replaced Carty at quarter by this stage of the game, and Sartor was doing duty at end in place of Rose. Anderson was at half in place of Handley. Campbell's pet play, a spread formation was called into use time and again, and an aerial game used to a considerable extent. Gradually the Aggies were forced back into their territory.

Once during the period Catherman shot a pass about fifteen yards to Sartor on the forty yard mark. In picking the pass out of the air Sartor stepped on the side line, and the ball was called back after the Alma had had raced to the goal for what looked like a sure touchdown.

In the fourth quarter Alma continued to force the fighting in the Farmers' territory, making their gains to a great extent by the use of the forward pass. Alma finally placed the ball way inside of the Aggie five yard stripe and tried line smashes and end runs to put over a touchdown. On the fourth down Catherman carried the ball around end, but hit by a Farmer just as he was going over the line, he fumbled the ball, which rolled out of bounds at the corner of the field. Alma recovered the ball behind the goal, but outside, and the officials ruling that it went outside before going behind the line ruled against the touchdown.

With about three minutes to play the Farmers then started a march down the field, Graves taking the ball for the last few yards for the final touchdown of the game.

Alma put up a fine exhibition once the team got going and during practically the entire second half outplayed the Aggies. The team as a whole showed up good in its first game, and except for some hard luck would have counted points on the Farmers. That Alma has the making of an aggregation that will make things interesting for any team in the Michigan Intercollegiate is the opinion of every fan who saw the fray, and realized that the Aggie coach did not dare to try out the string of subs that he wanted to look at under fire. The Farmers made only two substitutions during the entire contest, such was the battle that the Maroon and Cream waged in the second half.

Lineup and summary:
AGGIES (28) (0) Alma
Temple LE Rose
Parks LT Taite
Matson LG McNaughton
Morrison C Hunter
Swanson RG Erickson
Bos RT Tarant
Gingrich RE Waggoner
Wilcox Q Carty
Johnson LH Beam
Noblet RH Hanley
Graves FB Wright
Touchdowns—Gingrich, Graves 2, Wilcox. Goals from touchdown—Wilcox 4. Substitutions—Catherman for Carty; B. Sartor for Rose; Anderson for Handley; Shaver for Taite; Zuehl for Erickson, Hanley for Beam, Carty for Wright, Niles for Sartor.

SHADE TREE DEVELOPMENT
The city of East Orange, N. J., has had a shade tree commission ever since 1907. As a result of its planning and of the interest of its citizens, the place now has 35,000 trees. Planting has been encouraged by offering land owners to set out trees against their property for \$6.00 a tree, which includes stakes and wire guard, and perpetual maintenance and replacement in case the tree dies. The commission has been greatly assisted by the citizens, who are deeply interested in the subject, and who report any trouble in connection with tree growth that they may discover. A careful study is made of different varieties to see which will grow the best under local conditions.

WILL YOU SPEND 65c ON RAT-SNAP TO SAVE \$1.00?
One 65c pkg. can kill 50 rats. The average rat will rob you of \$10 a year in feed, chicks and property destruction. RAT-SNAP is deadly to rats. Cremates after killing. Leaves no smell. Comes in cakes. Rats will pass up meat, grain, cheese to feast on RAT-SNAP.
Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by C. R. Murphy and Winslow Bros. Drug Stores.—advertisement

If you want something good for your Sunday dinner go to Short's grocery, Saturday afternoon. The ladies of the Church of Christ will hold a baked goods sale.—20-1c

The Presbyterian Fortnightly Society of the Presbyterian church will meet with Mrs. Lown, corner of Pine and Downie streets, Tuesday afternoon, October 11, at 3:00 o'clock.

Mrs. Birkot Williams, who has been visiting at the home of her parents, Mr. and Mrs. James R. Campbell left for her home in Cleveland Friday. She was accompanied as far as Toledo by her father, J. R. Campbell.

Detroit Junior
Has Alibi Ready

When it comes to "sob stuff" the ink spreader who tells of the serious losses that Detroit Junior College is to suffer in the personnel of her football eleven, which meets Alma College Saturday in Detroit, has "em all backed off the map. In the following clipped from yesterday's Detroit Free Press this artist is already laying it on strong:

"Kunow, star tackle, is out for the season with a broken arm. Brselin, also a tackle, has kidney injuries, and it appears certain that he will not be in the line up. Her, who was Junior's star punter and passer last year, has left to have his tonsils removed and it is not certain when he will return.

"Captain Dever injured his shoulder in scrimmage Tuesday and may not play Saturday. Lightbody, quarterback, has a sprained knee and whether he will play Saturday is up to the school physician. D. Cunningham, center, has an injured shoulder and it is not likely that he will play against Alma. Ertell, halfback, was injured in the Central game and may not get into action again this season."

It must be that Detroit Junior expects to be beaten and desires an alibi in advance so that it won't be necessary to tell how it happened.

Order of Services At The Churches

St. Mary's Catholic Church
Holy masses as follows: First and third Sundays of each month, at 8:30 Sundays at 10:30 a. m.
Rev. John A. Mulvey, Pastor.

Sunday School—10:30 a. m.
U. B. C. E. 7:00 p. m.
Evening Sermon 8:00 p. m.
We cordially invite you to come.
C. H. Hull, pastor.

SCRIPTURE
Psalms 16:1-11

Preserve me, Oh God: for in thee do I put my trust.

Oh my soul, thou hast said unto the Lord, thou art my Lord: my goodness extendeth not to thee:

But to the Saints that are in the earth, and to the excellent, in whom is all my delight.

Their sorrows shall be multiplied that hasten after another God; their drink offerings of blood will I not offer, nor take up their names into my lips.

The Lord is the portion of mine inheritance and of my cup: thou maintainest my lot.

The lines are fallen unto me in pleasant places; yea, I have a goodly heritage.

I will bless the Lord, who hath given me counsel: my reins also instruct me in the right seasons.

I have set the Lord always before me: because he is at my right hand I shall not be moved.

Therefore my heart is glad, and my glory rejoiceth; my flesh also shall rest in hope.

For thou wilt not leave my soul in hell: neither wilt thou suffer thine holy one to see corruption.

Thou wilt shew me the path of life: in thy presence is fullness of joy; at thy right hand there are pleasures for ever more.

The Most Wonderful Shoe in America

FOR
LADIES

Grant Flexible Arch Shoes

For the last three years the company making this shoe, has been working out the idea of a perfect fitting flexible arch shoe. The shoe has now been perfected and placed on the market, and is sold exclusively in Alma at this store. We will briefly outline the main features of this shoe.

First—Material The upper leather is the best quality brown or black kid and calfskin that money can buy. The soles are cut from the best oak tanned bend leather. Heels, counters and box toes are solid leather of best quality and in every respect the shoes are solid leather and of the highest grade material.

Second—The Last They have worked out in the last the same shape and outline of a normal foot. Looking from above it is a straight line, on the bottom it is an exact outline of the foot. You will be surprised at the snug fit in the shank and back part.

Third—The Flexible Arch The arch fitting feature is made into the shoe in such a way, that when the weight of the foot is placed in the shoe the SHANK of the shoe presses snug against the ARCH of the foot giving a gentle support that can be distinctly felt, yet the sole is flexible in the shank. The support is real, not artificial, as the arch is supported as nature intended it, through its own strength. The flexible arch is a permanent one that will always remain in the shoe and will benefit the weak part of any foot on account of its being flexible.

Fourth—Fitting Qualities One of the most remarkable features of the shoe is that it fits like a glove at every point of the upper. The snug fit in the instep, shank, and back part is instantly revealed when the shoe is laced on the foot.

To Sum It All Up We believe we have one of the greatest shoes made to relieve Arch troubles, not only to relieve them but eventually to correct them. We would be pleased to give you a demonstration.
